President's Message

Dear Beta Beta Sisters,

The 2018 Eta State Convention last weekend in Charlotte was filled with laughter, networking, and sisterhood. There was singing, there was dancing, and everything sparkled! Kendra's and my breakout session had a large turnout and received great feedback. Attending convention is such a great way to meet members from other areas and learn how their chapters address the same issues we face such as fundraising and membership. It is also probably the best way to learn what the various state committees do by seeing their efforts come to fruition and by speaking with the members. There are always breakout sessions relating to scholarships and grants as well as the various awards. Next year, I hope that many of you will consider accompanying me to the Eta State convention in Hickory and the Southeast Regional Conference in Asheville, if only for the day. The energy at convention really shows you what this wonderful organization is all about. With a brain full of new ideas fresh from convention, I look forward to seeing each of you at our May meeting to welcome our seven new members.

In Sisterhood,
Sharon

Taking Action

The DKG Educational Law and Policy Committee has designated June 6, 13, and 20 as Legislative Days when teachers past and present journey to Raleigh to meet with lawmakers to discuss the state of education in North Carolina and what needs to be done to return our state to the shining example it used to be in support of quality education for all. Additionally, NCAE has designated May 16 as a "Day of Advocacy" when friends of education demonstrate their support for our schools and teachers by visiting the General Assembly in Raleigh to talk with lawmakers. All DKG members are encouraged to let your voices be heard.
